

## Paper Bag Snowman Craft

### Supplies:

- Pipe cleaners
- Large pom poms
- Orange construction paper
- Scissors
- Googly eyes
- Sharpies
- Buttons
- Washi Tape
- Elmer's glue
- Scotch tape
- White paper bags

### Directions:

1. Grab a bag and pick a pipe cleaner that is the color of your choice. Bend the pipe cleaner over the top of the bag and tape each end to the sides of the bag.
2. Lay your bag flat and stick some googly eye stickers on it towards the top.
3. Cut out a triangle from orange construction paper for the 'carrot' nose. Glue that on.
4. Draw a smile using a black marker.
5. Pick a roll of washi tape and cut a piece long enough to go across the bag horizontally. Cut 2 more smaller pieces for the hanging of the scarf.
6. Stick or glue on 3 buttons vertically under the scarf.
7. Lastly, glue a large pom pom on both sides of the bag at the end of the pipe cleaner to hide the ends.
